WHAT TO DO AT INGLEWOOD STATE SCHOOL!

If you think that being in a small school does not give your child enough opportunities to enrich their learning each year, you need to know what our students have been able to do in 2015! This year some of our students chose to enter the ICAS Examinations in Digital Technologies, Science, Writing, Spelling, English and/or Maths. Many students also took part in music camps, band practices, excursions and Eisteddfods to showcase their musical talents. A number of students attended a creative writing workshop with a world renowned author to demonstrate what a child can do with a little bit of imagination and persistence. Students entered writing competitions and were able to attend the Somerset Literacy Festival on the Gold Coast. Enrichment Camps were offered to high achieving students to expose them to new and challenging ideas and activities. There are always extension activities offered by your child's teachers to encourage each student to do their best. So remember, we do offer opportunities for your child to try something new and stretch their mind.

PINK DAY—Friday 30th October

Everyday in Australia, around 50 women are told they have breast or a gynaecological cancer. Sadly, around 12 Australian women will die each day from a women's cancer. The five year survival rate for breast cancer has increased by 17% in the past two decades and by 7% for women with a gynaecological cancer in the same period, thanks to advancements in cancer research and prevention. Funds raised by Cancer Council's Pink Ribbon goes towards research, prevention and treatment of women with breast, ovarian, cervical, vaginal, vulva and uterine cancers.

Inglewood State School will be holding its annual Pink Day next Friday. Students are encouraged to wear something PINK and to donate a gold coin. Your support is very much appreciated.

AG KIDS BACK TO WORK IN TERM 4

Claire, Amy and Brittany helped Duncan McMaster cut a bull calf on Tuesday (other class members were away). This Term we are going to visit some agricultural industries around Inglewood and head to Warwick for our Abattoir and Saleyard Day. The class albeit smaller, are enthusiastic about the coming activities and are always happy to lend a helping hand. Last term we tagged stud calves, lamb marked, safely rode the 4 wheeler bike, did some electric fencing, researched different cattle, sheep and horse breeds and looked at the Agricultural Colleges available in Queensland. Tuesday afternoons are always busy and now getting hot, so spare a thought for our great Ag students and teachers.
