**20TH MARCH 2015**

**No. 8**

**Week 8 Next week our focus is – BE AN ACTIVE LEARNER - Always take an active and positive role in classroom activities.**

Co-operative behaviour and active participation in the classroom is paramount for effective learning. A high expectation of student behaviour is our constant focus and when this occurs, our goal for all students to achieve to the very best of their ability becomes much easier to attain.

### SCREEN TIME FACTS AND FIGURES

- Watching 'free-to-air' TV is the most common kind of media interaction for Australian children under the age of eight. The use of other media forms increases as they get older.
- In 2009, it was reported by the Australian Bureau of Statistics that over 40% of children aged 5-14 watched an average of 20+ hours of television per fortnight. In the same report, it was revealed that 40% of children also spent less than 2 hours per fortnight doing informal physical activity (e.g. riding a bike etc).
- In 2009, the ABS also reported that 10% of children aged 5-14 played video games for 20 hours or more on average every fortnight.

These figures would be even more given that many families have even more screens in their homes in 2015. Phones, iPads, laptops, tablets, PlayStation, X-box ...

**Many students arrive at school tired and unable to focus because of too much screen time. Developing healthy screen time habits while they're young will help children and teenagers make better choices about how to use their free time when they're older. You can help by:**

- setting screen time guidelines according to the ages of children in your family
- leading by example, limiting your own screen time
- offering variety, making sure you have a range of activities and objects to entertain and stimulate your children so they don't look to the screen so much
- being choosy about what your younger children watch or play on the computer, and taking an interest in what your older children are doing online
- keeping TVs and computers in family spaces and out of children's bedrooms
- turning the TV off before school and at dinnertime.

**TUCKSHOP NEWS**

*Unfortunately there will be NO Tuckshop NEXT TERM unless we get a new Tuckshop Convenor. This is not a huge job, you just need to come in maybe twice a week to check stock levels & ordering. We are also in desperate need of volunteer workers. If we get enough names you will only need to do tuckshop maybe once a term. Please consider volunteering, it is a valuable service to the children and they really appreciate your efforts.*

Following this the museum will be relocated to the Customs House, 1 McLean Street, Goondiwindi.

We look forward to you joining us, as we reflect on the sacrifices made by the WW1 Veterans of our local area, it is through the sacrifices of these brave men and women that enable us to enjoy the freedom that we have today.

*They shall grow not old, as we that are left grow old:  
Age shall not weary them, nor the years condemn.  
At the going down of the sun and in the morning,  
We will remember them.  
Let Us Forget.*
