We Care, We Learn and Together We Succeed

22ND MAY 2015

No. 15

Week 5 - Next week our focus is – BE RESPECTFUL - When in or around the office, act responsibly.

Our focus next will be a reminder to ensure students are aware of the need to use respectful and responsible behaviour when they are at the office or in the office area.

TEACHERS AND PARENTS/CARERS WORKING TOGETHER

One of the best ways that parents/carers can help their children succeed in school is to be involved with their education. This starts with communicating *well* with your child's teacher. Basically, good communication involves meeting with the teacher, being a positive and courteous partner in your child's learning, and keeping the lines of communication open in various ways throughout the year. Please see your teacher as the first line of communication if you have any concerns.

The article below is a recommended link via Education Queensland http://www.education.com/reference/article/Ref_Communicating_Childs/

Communicating with Your Child's Teacher

1. Meet the teacher.

Go to your child's school open house or meet-the-teacher day. Even though time may be short, a few simple steps can show your interest and support:

- Introduce yourself and your child.
- Collect any information the teacher provides.
- Offer to help by signing up to donate items to the class or to volunteer for other jobs.

2. Go to parent-teacher interviews.

Make sure that you schedule an interview if:

- Your child has special needs and your teacher needs to know this early in the year.
- Your child's grades drop suddenly.
- You suspect that your child is having difficulty understanding her or his school-work.
- Your child is upset about something that happened in school - with peers, or with the teacher.
- Your child does not seem to have any homework.
- Something changes at home that may affect the student's learning (e.g., new baby, parental illness, divorce, or upcoming move).

3. Find the right time to talk to the teacher. If you are at school, you may run in to teachers and be tempted to ask about how your child is doing.

- At school, ask the teacher if it is a good time to talk or when is most convenient for him or her. Just before or after school may not be the best times.
- If you run into a teacher around town, simply exchange pleasantries. This is not the time for a parent-teacher conference.

UPCOMING DATES:

May 25—Yr 8
Vaccinations 2pm

May 26—DD Cross
Country

June 3—Bronsos
Finals @ Warwick

June 3—ICAS Science

June 8—Queen's
Birthday Holiday

Brochures have been given out to students. Orders and money are due back to school office by Thursday 28th May. Please make cheques payable to: Inglewood State School P & C **NOT** Scholastic. Our school is now registered for LOOP, making it easier for parents to order and pay.

Thank you

KIDS' CLUB

Thursday 28th May 3.30-5.00pm
Inglewood Presbyterian Church
All Year 1—6 children welcome

YEAR 2 / 3 CLASS NEWS

Year 3 students are currently learning how to join their letters together. They have worked on diagonal joins and drop on joins. Ask them to show you their skills. Year 2 students are continuing to practice their entries and exits. Ask them to show you how neat they are writing.

Year 9 English & Geography

In English, students have been examining how authors of information texts use language and images to present information, opinions and perspectives. Students have been reading about issues that are commonly represented in science fiction and analysing how authors can effectively influence their audience. In Geography students have just begun a new unit during which they will investigate how people, through their choices and actions, are connected to places around the world. They are currently learning how transportation and ICTs connect people to services, information and people in other places. Advances in technology have certainly expanded opportunities for producers and consumers around the world.

STATE OF ORIGIN FREE DRESS DAY

Don't forget to wear your Maroon or Blue Jersey on **Tuesday 26th May (formal uniform required for Wednesday parade)**. Gold coin donation. If you can't wear maroon or blue clothes, wear your school uniform.

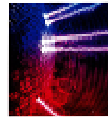

DO YOU NEED FIREWOOD?

Congratulations to Madi in Year 4 who had the closest score to 143 total chupa chups in the jar.

YEAR 5/6 LUNCH TIME \$2.00 SHOP

Wednesday 27th May
Limited quantities lamingtons, chips, poppers

HANDS ON LEARNING

Year 4 students got some hands on experience in Friday Mathematics. Students had a great time putting their knowledge into practice in a practical way. Everyone was involved in different problem solving activities covering different elements of mathematics.

Here students can be seen using their understanding of shape to create patterns in tessellations.
