FATHER'S DAY PAPER PLANES COMPETITION

You could be forgiven for believing our schoolyard had turned into a landing strip for low-flying planes recently! Not to fear, it's only our Year 5/6 class who have been hard at work designing paper planes for our Father's Day Paper Planes Competition held today. Inspired by the recent Australian movie "Paper Planes" we have been studying the forces of flying in our Technology class (namely Lift, Gravity, Thrust and Drag) and used these to design all different types of paper planes. Fathers were invited to work with their children for 2 weeks leading up to Father's Day in the hope of designing a plane that might wow us all in the final competition. Categories were: Distance, Ability to Change Direction and finally, Trick Performing. Just like in the movie, students had 90 seconds to make and fly their distance plane which made for some hilarious moments! A full report will be given next week, however we would like to take this opportunity to wish all our Fathers and Father figures a HAPPY FATHERS' DAY this Sunday!

Week 8 - Next week our focus is – BE RESPECTFUL/ BE AN ACTIVE LEARNER –

Always encourage and support others with kind words and actions.

At Inglewood State School we always strive to create a supportive environment throughout the school so that students feel valued. Over the next week we will be highlighting how students can assist in this process. Here are a few of the examples that staff will be highlighting - students encouraging each other and giving coaching when playing games, using encouraging language in the classroom and offering to be a buddy to support their peers on difficult tasks.

WHAT'S NEWS IN THE ART WORLD

With Term 3 nearly complete, so too are the wind sculptures the Year 8's have been constructing in the Art Department. Students were required to reflect on the artwork of Alexander Calder in order to make their own sculpture that will move with the wind.

The Year 7's have been experimenting with 2D Media to put together a folio of still life drawings. Some of these will be on show at the exhibition we will have at the Christmas Concert.

'Futurism' is the art movement that the Year 10's have been focusing on this term and how the invention machines has shaped the art world. Trying to capture the essence of movement in their artworks has been very challenging. Look out for the 'pop-culture' T-Shirt designs that the Year 9 students may be wearing down town. These designs are the students own and reflect the 'popular culture' that is the sign of our times.

We are all looking forward to term 4 when new artworks will begin.

CHAPPY CHUCKLE

Our first chappy chuckle randomly chosen was very well participated in. Our winner was Klarrissa and her joke is: Did you hear about the kangaroo that lost it's temper? *It was hopping mad!*

CHAPPY CHALLENGE

The answer to our question was that hot water weighs more than cold. Our winner was Tearnia in Year 10. Our new question is: *'What is the only game that has been played on the moon?'*

CHAPPY CHRISTMAS BOXES

It has been exciting to see that some more classes have got into the Christmas Spirit. A reminder of the items each class needs to bring include:

- *Prep/1 and 2/3 is something to love*
- *Year 4 is something for school*
- *Year 5/6 is something for personal hygiene*
- *Year 7 & 8 is something to play with*
- *Year 9 is something special*
- *Year 10 is something to wear*

CHAPPY CARE BEARS

Our two care bears go to Flynn in Prep and Koori in Year 3 this week.
