STUDENT ABSENCES

As previously advised, Education Qld has implemented a new process for managing unexplained student absences. From the start of 2017 all unexplained absences will generate a text message via a mobile phone to parents which will then have to reply with a reason. The first step in this process is making sure that our first parent contact mobile phone number is correct. Please return the detail forms to our office. We will be trialling this process from now until the end of this year. We look forward to your response and co-operation.

2017 LEVY FORM

These forms have been issued to all students. Payment is NOT required until next year. Please note if this form is not returned this year, your student will not receive the exercise books etc that are provided by the school. If your student has outstanding levies from 2016 they will NOT receive the books etc. Please ring the school office if you need more information—4652 0111.

REMINDER FOR 2016 SCHOOL RESOURCES SCHEME

Parents just a reminder that there is a lot of camps / excursions happening until the end of term. All outstanding fees need to be paid in full for students to participate.

ICPA Meeting (Isolated Children's and Parents' Association)

Our Southern Downs ICPA will be meeting next Friday at 4pm at Lady of the Lake. This will be our last meeting of the year and is a great opportunity to have a friendly meeting with other members of our branch as well as a quick shop. If you have any queries please contact me. We hope to see you there. Jo Clark

M.A.D. Group taking shape at our school!

"Are you MAD?" "I'm MAD about you!" "You make me so MAD!" The word MAD can have very different meanings in our society today, however at Inglewood State School P-10, the word MAD will take on a very different meaning next year.

M.A.D. will be an acronym for Making A Difference and aims at encouraging students to be civic minded in our school and broader community.

Students will be given the opportunity to nominate their time (sometimes in school time and other times not) and earn recognition for their commitment to the betterment of our school and community. It can also contribute towards Leadership opportunities for our students.

We have many projects planned for next year that range from refereeing in lunch hours to assisting at community events, both in the school and beyond. It is even hoped this group will be vital in assisting Inglewood's bid to become a Dementia-friendly town.

This week, we kicked off the program at Casa Mia where 10 students visited residents and engaged in a Sing-along with them. A sumptuous afternoon tea followed and finished off a terrific time for elderly and young alike.

The program is only in the initial stages of planning and the activities will take many forms over the coming year. It is hoped students will learn the value of self-worth to be gained from volunteering and the idea that 'random acts of kindness' can, indeed, transform our world into a better place for all. Keep a look out for the M.A.D. Group with their MAD ideas!
