### Recorder Band Results - Goondiwindi Eisteddfod 2016

Well done to our fabulous Recorder Band at the recent Goondiwindi Eisteddfod! Last week's Newsflash was already full to the brim, so we saved the Recorder Band comments for this edition. Enjoy!

\*1<sup>st</sup> Primary Section "Amazing Grace": This was a very good presentation. Harmony was very well managed and intonation was secure throughout. Keep up the very good work.

\*4<sup>th</sup> Secondary Section "Mango Walk": You worked very well as an ensemble and parts blended very well. Some dynamic contrast was noted. This was a nicely balanced presentation. Keep up the good work.

A reminder, Beginner Recorder Band rehearses every Thursday lunchtime and new members are always welcome!!! If you are Year 3 or above and are interested in joining, please see Miss Webb.

Many of our students have been hard at work training for their events and for a few, those efforts paid off. Special congratulations to **Heath, Declan, Amelia, Harry and Hamish** who gained selection in the **Macintyre team** to compete at the up-coming Darling Downs trials on 6 September in Toowoomba. We wish them every success! Well done also to **Heath and Hamish Loughnan** who received **AGE CHAMPION** in their respective age groups for the day – fantastic effort boys!

**Building Resilience in Families**

**BUILDING RESILIENCE IN FAMILIES**

Learn as a family how to develop strengths and gather supports that build resilience. 2 Hours

Life for any family includes ups and downs, challenges, unexpected twists and turns in the road. A family's ability to negotiate this journey depends on the skills they are working on along the way.

There are certain skills and strategies that have been identified as important for the development of resilience. Some are internal skills we can build and develop, whilst others are external, which encompass the relationships in children's lives.

Families can draw upon these skills to build successful strategies to bounce back after challenging times.

**Presentation Topics**

*One of the keystones for me about resilience is that it is very hopeful – that building it is an ongoing process and you're never too old to learn. This is a hopeful message for any parent.* — Parents

Self regulation  
Thinking skills  
Knowing your strengths  
Positive outlook  
Understanding emotions  
Relationships  
Role models  
Support people

**Expected Outcomes**

- Enhance understanding of the importance of interactions, connectedness and relationships in assisting children to develop resilience
- Understand how to talk to children when overwhelmed with emotion to stay connected.
- Being a family with helpful thinking.
