YEAR 10 WORK EXPERIENCE REPORTS

For year 10 work experience for 2017 I chose to go and help Shona Clark-Dickson and Leanne Moore in the prep room at Inglewood State School. Some of the jobs I observed for the week were teaching methods; observing different ways Mrs C-D and Mrs Hobbs taught them, watched them learn sight words and numbers from 1-10, and more. Jobs I did during this week were; observing when Mrs C-D was teaching, helping them when needed and assisting with the kids learning. The jobs I didn't enjoy were cutting out the kids sight words. My work experience overall was great compared to coming to school as I didn't have to wear my school uniform. I really appreciate the time I had with the students and teachers.

Keegan: For work experience I was restumping and moving houses with Dave Doherty. Some of the jobs we did included driving a truck and dingo, used air jacks, cut off pipes, got under houses, fixed a cattle grid, helped move a house around trees, took a sprocket off a motorbike, watched someone pull a cattle grid apart, watched people weld, completed grids and watched people grinding posts. The job I liked the most was driving the trucks and dingo and getting under houses. The jobs I liked the least were putting wooden blocks on the truck and dodging steel beams at the same time. Compared to school it was way better but the only thing wasn't so good was I couldn't see my mates. The skills I need to develop are extra muscles. I would rate it 9.5 out of 10. I would also like to thank Mr Doherty for having me.

BOOK CLUB—Issue 4

Brochures have been given out to students. Orders and money are due back to our school office by Monday 5th June. Please make cheques payable to: *Inglewood State School P & C* or try *LOOP online*. Our school is registered for LOOP, making it easier for parents to order and pay, this will eventually be the way for Book Club, so give it a try.

Chappy Chatter with Chappy Jason

In the month of May we celebrate School Chaplaincy, with Chappy week occurring between 14th -21st May. This is generally a chance for me to highlight some of the things I do, and celebrate the huge privilege it is for me and all School Chaplains to be invited into our schools. I often engage the students in challenging Chappy to do things that I probably can't, or shouldn't do, that they can. This is great fun and challenging, but it also prompts me to think about the challenges in our lives and how we overcome them. In the past I have shared about Paralympians and the challenges they have faced to go on and become world champion athletes, including many people we may know personally. I have also talked about the mental health challenges some people face and what we can do to overcome these and to help others overcome. I just look at the famous actress Catherine Zeta-Jones who has struggled with depression and Bipolar disorder and how she, with support of family, friends and key people has overcome these challenges. We can all do the same with the help and support of those around us. If you or your student needs someone to talk to about your challenges, please feel free to come and talk with Chappy Jason anytime.
