

Investing for Success

**Under this agreement for 2017
Inglewood State School will receive**

\$131, 200*

This funding will be used to

- Increase percentage of students in Years 3, 5, 7 and 9:
 - Meeting NAPLAN NMS – Target 100%.
 - Meeting Regional PM Benchmarks – Target 100%.
 - Achieving NAPLAN U2B – see table below.

Targets for NAPLAN U2B

Strand	Year 3 Target in U2B	Year 5 Target in U2B	Year 7 Target in U2B	Year 9 Target in U2B
Reading	30%	60%	30%	25%
Writing	30%	60%	30%	10%
Numeracy	30%	60%	30%	10%

- Develop Individual Curriculum Plans for students below NMS.
- Improve Teacher capability through focused coaching and Professional Development (to improve student performance) including collaborative practice through research.
- To provide 21st century learning opportunities and workspaces to enable highly collaborative practice with a priority in the STEM area (Science, Technology, Engineering and Maths).
- Promote attendance of 95%+ across all year levels Prep to Year 10

Our initiatives include

U2B initiatives

- The use of data to identify students and to provide learning opportunities for those identified as having the potential to reach the U2B in Literacy and Numeracy to enhance their academic outcomes – this will include both on-campus and off-campus opportunities.

Increase percentage of students to reach NMS and to develop Individual Curriculum Plans for those below NMS

- The use of data to identify students at risk and to inform school actions through the Support Needs Action Group (SNAG) to enable effective case management.
- To continue to build school attendance to reach the target of 95%+ across Prep to Year 10 with a particular focus on the high school attendance rate.

Improve Teacher Capability

- Networking by Teachers and Administration to investigate best practice and establish collegial networks across cluster and beyond.
- Consolidation of coaching and feedback model to facilitate best practice in classrooms.
- Continuation and consolidation of work on the Action Research projects undertaken in 2015. Primary focus on vocab instruction and high school on student engagement through pedagogy and curriculum.

* Funding amount estimated on 2016 data. Actual funding will be determined after 2017 enrolment data are finalised.

Investing for Success

21st century Learning

- To provide enhanced learning environments (P21 Collaborative spaces) for students to engage in activities.
- To provide quality STEM opportunities for students building on knowledge already held by staff and providing ongoing PD opportunities.
- To provide ICT classes as a standalone to build the skills and confidence of students around 21st century technology.

Our school will improve student outcomes by

Strategic: (\$108,200)

- Provision of professional development for building teacher capacity around improving the school-wide teaching of Reading and Writing.
- Provision of coaching and feedback model as determined by the Local Consultative Committee (LCC).
- PLC/Leadership teams to meet regularly for robust analysis of data and research (to support students' learning).
- Provision of teacher aide and teacher hours to facilitate targeted intervention and extension opportunities for students.

Community: (\$5000)

- Community Liaison Officer to promote school readiness (Homework/Breakfast Clubs, Playgroup); and promotion of school attendance in the wider community.
- Promotion of school success – flyers, community displays, student participation in community events

Innovative: (\$18000)

- Purchase resources and technology to support classroom programs.
- Purchase of resources for 21st century classroom.
